Employee Management System
Employee Health

Track TB tests, immunization records, weight, blood pressure, physical dates, and personal physicians. All of these and more are possible with the use of this module.

General Features:

- Track Hepatitis B shots for cost reporting purposes.

- Track all NYS mandated immunizations.

- Enter immunization information by employee or by a group of employees.

- User configured fields for tracking various types of TB, Hepatitis, and other immunizations.

- Reports can be generated for who has had immunizations and who needs immunizations.

ADMINISTRATOR, EDWINA
